

This list cancels all previous Library Lists. Please quote the reference number when requesting items. Items borrowed should be handled with care since many of the books and articles cannot be replaced. Upon receipt of items, the acknowledgment form must be returned to the librarian together with a refund of the postage. To assist borrowers in estimating postal costs, the approximate weight in grams of most items is indicated. The reference numbers for recently acquired and/or popular items are shown underlined.

When returning items, a *Certificate of Posting* must be obtained and kept by the borrower for at least six weeks. The Library is insured and certificates will be required to substantiate possible claims. The borrowing period should be kept to a minimum; two months should be ample time, although longer periods may be agreed with the librarian. Unless agreed, a fine for the late return of items will be levied (50p per item, per week).
